PRODUCT DATA

***RESAT-DE 2* Odor Tech Control**

DESCRIPTION AND USE

RESAT-DE 2 is a direct-contact odor neutralizer that actually removes existing odors and temporarily prevents the formation of new ones

RESAT-DE 2 interacts with and oxidizes the odor causing compounds to a higher oxidation state these compounds in the higher oxidation states do not cause odors. Digests and liquefies organic waste, grease & food by products

CHEMICAL FEEDING AND CONTROL

RESAT-DE 2 may be applied in several ways:

- atomized over entire area continuously.
- Poured directly into sludge tanks.
- Mixed with effluent or irrigation systems.
- Sprayed over sludge with pressure sprayers

RESAT-DE 2 has been specially formulated to be effective in a wide range of applications as housekeeping needs, lunchrooms , ect....

RESAT-DE 2 is compatible with all known water and sewage treatment chemicals and will not change their properties, it is therefore ideal for all types of wastewater, sewage treatment plants.

The overall product applications and the specific chemical feed and control methods employed must be specified by the technical representative servicing the facility.

TYPICAL PROPERTIES

Appearance	Clear yellow liquid
Odor	Fruit odor
Specific Gravity.....	0.99
pH (undiluted).....	Neutral
Flash Point.....	110°C

SAFETY AND HANDLING

Avoid contact with eyes and skin. Flush skin or eyes with warm water at least fifteen minutes .if persists, get medical attention.

PACKAGING

RESAT-DE 2 is packaged in 25 Kg, non-returnable plastic drums.
